

Download Sneakers How Are They Made

Crampons (chaussure) —

Les crampons désignent des petits embouts, habituellement à base de matériau élastique, liés aux chaussures de football, ou autres types de chaussure sportive, permettant l'adhérence à une surface lisse ou sèche [1]

Cleat (shoe)

In baseball, in laymen's terms, they are referred to as "cleats" or "spikes". The spikes are rectangular in shape, and can be made of rubber, plastic, or metal.
